#### The American Central Insurance Company, of St. Louis, has Sustained no Loss

at the Boston Fire. Considering the fiery ordeal at Chicago, through which the Company has passed, it must be gratifying to note that the cash and available resources are now larger than ever before. The securities of the Company speak for themselves, This Company sustained no loss at the Boston fire, and are prepared to take risks at former rates. The collapse of so many companies by the Chicago conflagration has induced the American Central to extend their business over the entire West, without departing from the conservative practices of the Company, that have brought it through an eighteen years' successful business experience The Company bases its claims to patronage: first, on the desirable class of its investments; second, its large available resources, its stock being held in small amounts and by the most influential business men in the West; third, on the conservative management, which of itself is sufficient guaranty of security. Triumphant for Twenty Years. More than twenty years ago the Mustang Liniment made its debut in the West. Its cures Liniment made its debut in the West. Its cures of the various external diseases of horses and and cattle, astonished the planters and farmers of the Mississippi and Ohio Valleys, and a demand for it sprung up which necessitated its manufacture on an extensive scale. Soon the discovery was made that it was a grand specific for rheumatism, gout, neuralgia, carache, toothache, and other external ailments of mankind. Then it was tried as a healing, pain killing application, in cases of outward injury, such as cuts, bruises, burns, spasms, &c., and was found that the newspaper publishers throughout the United States:

## Sarsaparillian Resolvent.

Ready R elief, and Perfect Purgative Pills in written testimonials from all parts of the world, surpassin wonder the most extravagant miracles of enchantment. Physicians and medical men in all countries pronounce these wonderful remedies a mystery, that neither their science of analysis or chemical skill can explain. True, science of analysis or chemical skill can explain. True, these medicines effect the most marvelous cures, and restore the dying to life, and relieve the most wretched pain-suffering victim of his tortures, in from one to twenty minutes, and although they know some of the ingredients of their composition, and Dr. Radway has published their formula (withholding only two newly discovered roots) still both French, German, English and American chemists and pharmaceutists utterly fail with the same ingredients as prepared by them. The with the same ingredients as prepared by them. The great success which these wonderful remedies are constantly achieving, lies in the great secret of combining the ingredients together after exercising due care in selecting the pure and genuine roots,

Such wonders of Modern Chemistry as the SARSA-RILLIAN RESOLVENT, READY RELIEF & RAD-WAY'S PILLS, are without parallel in the history of medicine, for there are some infirmities and diseases that are considered as incurable, and sure death. Yet that are considered as incurable, and sure death. Yet
the most astounding cures have been made through
these remedies of some diseases that have never been
known to be cured by medicine.
CONSUMPTION, SCROFULA, WHITE SWELL,
ING, Tumors in the Womb, Stomach, Ovaries, Bowels,
Bright's Disease of the Kidneys that have been pronounced incurable, Cancers, Ulcers, Swellings, Stone in
the Bladder, Calculous Concretions, Ulcers and Sores
of the Bones, Rickets so deeply seated that no other
medicines have ever been known to reach, have been medicines have ever been known to reach, have been cured by the SARSAPARLILIAN RESOLVENT, aided by the READY RELIEF and PILLS.

Palsy. Paralysis, DRY GANGRENE—that threatens a living death—daily rotting away of the limbs and flesh—Diabetes, Involuntary Discharge of Water, Fungi in the Bladder (the Emperor Napolen's disease). Torturing Pains when discharging urine, RHEUMATISM, GOUT, NEURALGIA—each and every one of these complaints—though but few out of the many other diseases, Radway's Sarsaparitian Resolvent has cured and is daily curing in all parts of the world.

In one word, any disease—no matter under what name designated, that is nourished or increased by Bad, impure, deprayed, weak, thin, watery or poisoned blood—can be cured by KADWAY'S SARSAPARIL-LIAN RESOLVENT.

Dr. Radway & Co. have never claimed one-hundredth part of the curative virtues for their remedies as is ascribed to them by the people who have used them for bear in mind, only such diseases and complaints as Dr. Radway, after successful treatment with their remedies knew they would cure, were enumerated in their curative list, so that many of the extraordinary cases that have been reported awakened as much astonishment in the discovery of their remedial agents as in those who had been rescued from death, and made whole and sound.

As many persons discredited their extraordinal power, from the fact of their disappointment is the use of other advertised remedies—and some believed it impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—should possess sus marvelous power. Yet they can readily comprehend that the simple grasses of the field, after undergoins the chemical process of distillation designed by nature the cow and churn, furni-hes us with butter-certainly the most abundent fat, caloric or heat making bone, tissue, muscle, sinew and blood-making con-

Working of your medicine on myseif. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago cuminated in a teribly afflicting disease, which the physicians all said was a sparmodic stricture, in the urethra as also inflammation of the kidneys and bladder, and gave it as their opinion that my age—73 years—would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both alopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a person who had long been suffering as I had been. Grain and Produce. GRAIN-We notice an advance of 2 to 5 ets. per bushel on all grades of wheat. The demand for good wheat is very heavy at quotations, and there does not seem to be a sufficiency in the country to supply the demand or the sellers are holding back for a still increased advance in the

### CATTLE.

The market for beef cattle has not been as active the past week as for some time previous. The scarcity of money and other causes have combined to produce a noticeable dullness in the sale of meat in our city market, in consequence of which but few cattle have been offered, and they of a very ordinary quality. We hope, however, that the incoming week will bring with it renewed activity. The Southern markets will shortly be open for our cattle, and then our farmers may hope for an advance in prices.

Quotations.—A1 fat cattle, 2½c; good beef cattle, 2½c; ordinary cattle, 2c.

The demand for hogs continues good at quotations. Several car loads have already been shipped to Southern markets, and we hear of other lots to follow soon. As soon as the weather permits our pork packers will commence operations, and then our farmers will find a market for their hogs at home. The enterprising firm of McDaniel & Co., have made preparations to pack a large number of hogs this year, and as their esteblishment contributes largely to the growth of our city, we wish them abundant

ATLANTA, Oct. 26, 1872. Since our last report we have no falling off in trade, but rather increased activity in all lines. The remarkably fine weather is bringing more cotton to market than was currented on; hence are touched only for immediate wants. All concerned look for a decline in Hog Products ere long. In grain, Corn has reduced to 95; we see no reason for it, only a local scarcity, on account of transportation. Wheat is held firmly at outside prices. Barley, nominal. Oats dull. In light produce, Onions are steady; Potatoes in fair demand; Apples in demand. Butter is held less firmly; stock accumulating, and only fresh lots find sale at quoted prices; we advise shippers to send none but strictly fresh lots, to realize the quoted prices; others will not sell. Eggs are scarce. Dressed Poultry has made its
